

Graffiti Hurts program

Think Graffiti is harmless? No big deal? Illegal graffiti and tagging, hurts to the tune of 7 billion dollars each year nationwide.

- * Report illegal tagging and graffiti to your local police (505-425-7504)

- * Take pictures when possible

- * Call your City KAB Coordinator for tips (505-426-3216)

- * Remove or paint over tagging and graffiti as quickly as possible. The offenders are looking for attention. The faster it's cleaned up the less they will come back and repeat the act.

- * Work with the city to have local artist paint murals on large walls and empty and vacant buildings.
